Landscape architecture merit badge requirements. Bsa landscape architecture merit badge worksheet.

January, 2017 Go to a completed landscape project that a landscape architect has designed. Before you visit the site, obtain a plan of the design from the landscape architect if one is available. After completing requirement 1, discuss the following with your merit badge counselor: Tell whether the design had separate spaces, a defined point of entry, a clear path system, and sun and shade variety. Discuss how any structures, the designated seating, eating, or parking areas suited the overall design. Explain how the design reflected consideration for the comfort, shelter, and security of the users. Discuss how the choice of trees, shrubs, and ground covers used in the project contributed to its appeal and function. Identify five shrubs, five trees, and one ground cover, being sure that you select examples of different shapes, sizes, and textures. With the help of your counselor or a local nursery, choose plants that will grow in your area. Bring pictures of the different planting materials or, if possible, examples of their branches, leaves, or flowers to a group such as your troop or class at school. Be prepared to tell how you might use each in the design of a landscape and the maintenance that would follow. After obtaining permission from the appropriate authority, look at and study a place of worship, school grounds, or a public building and identify where most people arrive by bus or car. Then do the following: Using a measuring tape, measure and draw the main site entry and its nearby area. Define the scale of your drawing. Be sure to include the driveway and sidewalk or path that leads to the building's main entry. Indicate any sidewalks, structures, trees, and plants, lights, drains, utilities, or other site furnishings within the study area. Make two copies of this plan and save the original, then do 4b and 4c using the copies. On one copy of your site plan, use directional arrows to indicate where the water drains across the site, where ditches occur, and where water stands for a longer period of time. Decide how you can make the place safer and more comfortable for those using it. Redesign the area on another copy of the plan. You may want to include new walks, covered waiting areas, benches, space-defining plantings of trees and shrubs, and drainage structures. Find out about three career opportunities in landscape architecture. Pick one and find out the education, training, and experience required for this profession. Discuss this with your counselor, and explain why this profession might interest you. Landscape Architecture Worksheet Follow Me. Scouts report this ad Please arrive with ample time prior to the start time of your class for registration. Remember, there will be others checking in as well that registration may take a little time, depending on the size of the class and the event held in conjunction with the class. Your Scout uniform is required to be worn when attending this merit badge session. If you have any additional questions, please feel free to contact Brian Reiners (Scoutmaster Bucky) via email at scoutmasterbucky@yahoo.com or on the phone at 612-483-0665. Reviewing the merit badge pamphlet PRIOR to attending and doing preparation work will ensure that Scouts get the most out of these class opportunities. The merit badge pamphlet is a wealth of information that can make earning a merit badge a lot easier. It contains many of the answers and solutions needed or can at least provide direction as to where one can find the answers. It is NOT acceptable to come unprepared to a Scoutmaster Bucky event. You can (and should) use the Scoutmaster Bucky Landscape Architecture Merit Badge Workbook to help get a head start and organize your preparation work. Please note that the use of any workbook is merely for note taking and reference. Completion of any merit badge workbook does not warrant, guarantee, or confirm a Scout's completion of any merit badge requirements. It should be noted that this merit badge class is not meant for those who just want to come and see what they can get done. It is possible to complete this merit badge by being properly prepared and having done the preparation work prior to the class. Preparation is a MUST! If you are not willing to participate to these expectations and standards, perhaps the Scoutmaster Bucky opportunity is not for you. Things to remember to bring for this merit badge class: Merit badge blue card properly filled out and signed off by your Scoutmaster. Landscape Architecture Merit Badge Pamphlet. Scout uniform. Supporting documentation or project work pertinent to the Landscape Architecture merit badge, which may also include a merit badge workbook for reference with notes. A positive Scouting focus and attitude. Please read and understand the Scoutmaster Bucky Blue Card Process. Please arrive with ample time prior to the start time of your class to ensure your connection to the online session is working properly. Ask people in your household to refrain from unnecessary internet usage, including but not limited to: streaming videos, online gaming, and other heavy bandwidth usage. You will receive a link 12 to 24 hours before the class start time. Notification will come through the email address provided during the registration process, so please make sure you enter your email correctly. Your Scout Uniform is required to be worn when attending this Online Merit Badge session. If you have any additional questions, please feel free to contact Brian Reiners, Scoutmaster Bucky via email at scoutmasterbucky@yahoo.com or on the phone at 612-483-0665. Reviewing the Merit Badge Pamphlet PRIOR to attending and doing preparation work will insure that Scouts get the most out of these online class opportunities. The Merit Badge Pamphlet is a wealth of information that can make earning a Merit Badge a lot easier. It contains many of the answers and solutions needed or can at least provide direction as to where one can find the answers. It is NOT acceptable to come unprepared to a Scoutmaster Bucky event. You can (and should) use the Scoutmaster Bucky Landscape Architecture Merit Badge Workbook to help get a head start and organize your preparation work. Please note that the use of any workbook is merely for note taking and reference. Completion of any Merit Badge Workbook does not warrant, guarantee, or confirm a Scouts completion of any merit badge requirement(s). You can download the Scoutmaster Bucky Landscape Architecture Merit Badge Workbook for taking notes to help you prepare. It should be noted that this Merit Badge class is not meant for those who just want to come and see what they can get done. It is possible to complete this Merit Badge by being properly prepared and having done the preparation work prior to the class. Preparation is a MUST! If you are not willing to participate to these expectations and standards, perhaps the Scoutmaster Bucky opportunity is not for you. Please make sure you read the top portion of this page for general participation expectations in a Scoutmaster Bucky merit badge class. Pay careful attention to the action verbs within the requirements. An example to note: "tell", "explain", "describe", and "discuss" are commonly used and will require the Scout to perform these actions during the class. When these action verbs are a part of any requirement, Scouts are expected to be prepared to share. Reading responses is not acceptable since it does not fulfill the requirement of showing the Scout's knowledge and understanding. 1. Go to a completed landscape project that a landscape architect has designed. Before you visit the site, obtain a plan of the design from the landscape architect if one is available. 2. After completing requirement 1, discuss the following with your merit badge counselor: a. Tell whether the design had separate spaces, a defined point of entry, a clear path system, and sun and shade variety. b. Discuss how any structures, the designated seating, eating, or parking areas suited the overall design. c. Explain how the design reflected consideration for the comfort, shelter, and security of the users. d. Discuss how the choice of trees, shrubs, and ground covers used in the project contributed to its appeal and function. 3. Identify five shrubs, five trees, and one ground cover, being sure that you select examples of different shapes, sizes, and textures. With the help of your counselor or a local nursery, choose plants that will grow in your area. Bring pictures of the different planting materials or, if possible, examples of their branches, leaves, or flowers to a group such as your troop or class at school. Be prepared to tell how you might use each in the design of a landscape and the maintenance that would follow. 4. After obtaining permission from the appropriate authority, look at and study a place of worship, school grounds, or a public building and identify where most people arrive by bus or car. Then do the following: a. Using a measuring tape, measure and draw the main site entry and its nearby area. Define the scale of your drawing. Be sure to include the driveway and sidewalk or path that leads to the building's main entry. Indicate any sidewalks, structures, trees and plants, lights, drains, utilities, or other site furnishings within the study area. Make two copies of this plan and save the original, then do 4b and 4c using the copies. b. On one copy of your site plan, use directional arrows to indicate where the water drains across the site, where ditches occur, and where water stands for a longer period of time. c. Decide how you can make the place safer and more comfortable for those using it. Redesign the area on another copy of the plan. You may want to include new walks, covered waiting areas, benches, space-defining plantings of trees and shrubs, and drainage structures. 5. Find out about three career opportunities in landscape architecture. Pick one and find out the education, training, and experience required for this profession. Discuss this with your counselor, and explain why this profession might interest you.
